

# *Leadership Wyoming*

## Youth Program Questionnaire

Name (optional): \_\_\_\_\_

Age: \_\_\_\_\_

Grade: \_\_\_\_\_

School / City: \_\_\_\_\_

---

Leadership Wyoming is a program providing opportunities for a better understanding of the economic and social diversity and the challenges facing our state as well as offering development opportunities for the participants' leadership skills. Our hope is to offer the same opportunities to the youth of Wyoming through experiences in various communities around the state in multiple sessions of varied length. As part of our exploration process, we would like to get your valuable input on the following questions.

- Would you be interested in participating in a Youth Leadership Wyoming program?
  
- What would you expect to learn in such a program?
  
- What do you wish you could learn about Wyoming that you haven't learned in H.S.?
  
- What would you hope is NOT included in such a program?
  
- If you could change anything for youth in Wyoming, what would it be?
  
- What communities would interest you the most and why?
  
- Would you or your family require assistance with the necessary travel?

Any other thought you would like to share:
